BOUGHANO FADL ALLAH

I am a first-year engineering student with two years of intensive scientific preparatory classes (MPSI/MP). With Strong foundations in mathematics, algorithms and programming. Curious, rigorous and motivated, I am eager to strengthen my computer science skills and contribute to practical technical projects.

- Arabe : Native
- French : Full professional proficiency
- English : Full professional proficiency
- Spanish : Basic knowledge

- Creativity
- Problem-solving skills
- Organisation
- Group work

SKILLS :
Python, Git, Gitlab, NumPy, Matplotlib, SQL, Matlab.

2026 - 2029

Cycle d'ingénieure
ENSEEIHT – Toulouse INP, Toulouse

Engeneering student in Computer Science and Telecommunications at ENSEEIHT

2024 - 2026

Scientific Preparatory Program
MPSI/MP at CPGE AL QALAM, AGADIR, MAROC

Intensive formation in mathematics, physics, IT, and engineering sciences. Development of analytical and problem-solving skills.

June 2024

Baccalaureate in Mathematical Sciences
Lycée Al qalam II, AGADIR, Maroc

Projects
1st Mini-Project : Jeu de devin using Ada.
